

ENVIRONMENTAL MANAGEMENT POLICY

Pro-Test is an Australian energy and minerals service provider specialising in downhole oilfield tools, well testing and data acquisition services. Pro-Test is responsible for the effective delivery of a large range of industry services that improve the lives of individuals that we employ. Due to the nature of our business and geographical spread, we are in a strong position to influence environmental best practice and to demonstrate our good environmental stewardship and social responsibility.

This Environmental Policy covers Pro-Test operations throughout Australia, will be communicated to all staff and available to the public.

Pro-Test will continually improve its business performance and conduct its operations in an environmentally responsible manner, clearly reflecting a commitment to fostering the sustainable use of the Earth's resources.

Pro-Test have implemented and will maintain an Environmental Management System certified to ISO 14001:2018 requirements.

Additionally, we will:

- Comply with all relevant environmental legislation and regulations, and other initiatives to which we subscribe;
- Incorporate ecological sustainable development into our core business plans and management processes;
- Minimise any negative impacts we may have on the environment, through efficient use of resources, and reduction in emissions and waste;
- Develop a wide framework for setting and reviewing our environmental objectives and targets, which will include key environmental management and performance indicators against aspects of Pro-Test operations;
- Provide regular feedback to all staff, clients, and stakeholders;
- Work closely with our clients, suppliers, contractors, and other interested parties to continually improve our processes to achieve ecological sustainable development; and
- Foster the initiation and ownership of environmental activities by all our staff, thereby inculcating a strong environmentally aware business culture.

REVIEWING THIS POLICY

This Policy statement will be reviewed annually by Pro-Test from the date of the last review carried out.
